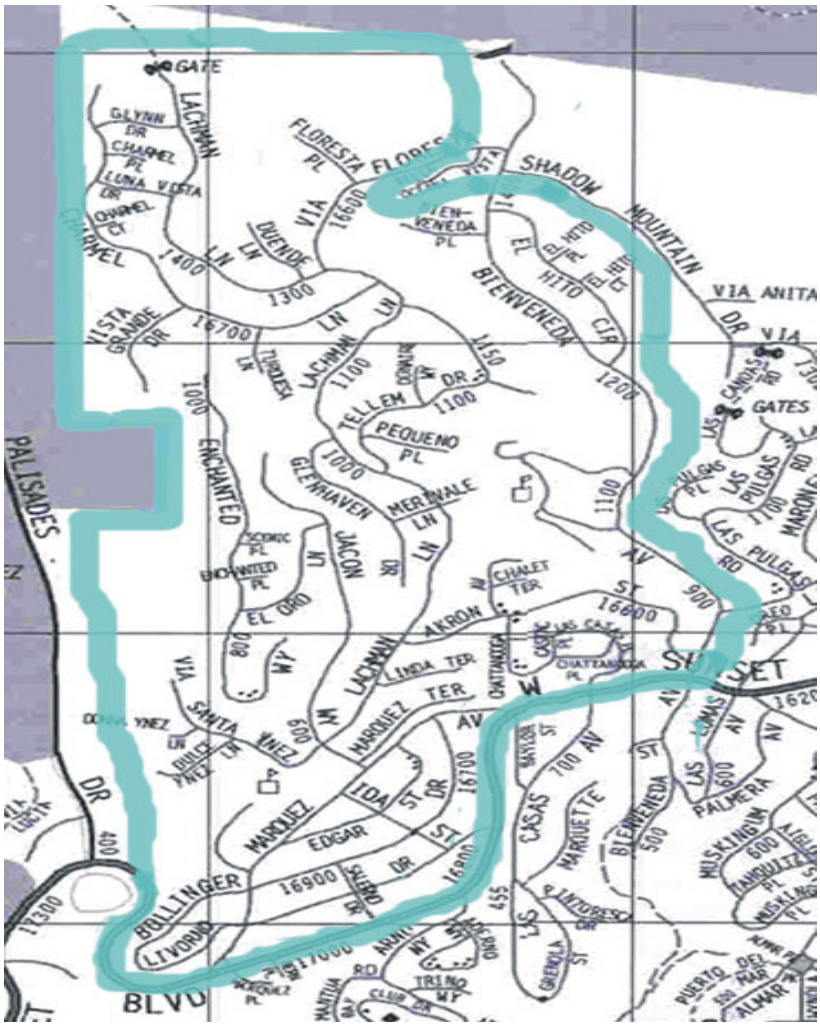
Marquez Knolls Boundaries

MKPOA represents and assists its members (both residents and businesses) located in our Pacific Palisades neighborhood referred to as “Marquez Knolls”. The geographic boundaries of Marquez Knolls are largely determined by its topography as described below:


“All streets with access to the north side of Sunset Boulevard between Bienveneda Avenue and the west intersection of Marquez Avenue, inclusive of Bienveneda and Marquez. Excludes: Addresses on Sunset Boulevard, Las Pulgas Road and its tributaries, and all gated communities.“
